Subject: Re: Next LPR/NB model collaboration meeting-> Sept 25?

I will discuss with the Modeling Team but my immediate priorities are the Bathymetry Survey and CWCM round next week and anticipating Hurricane Issac

Rob,

I just wanted to confirm that we are having our next model collaboration meeting on Tuesday September 25 in Mahwah.

There are a couple of items that we would like to discuss:

- update on Organic Carbon Simplification, Jim Fitzpatrick will be joining us for that part of the discussion
- status of bed layer sensitivity analysis for RCATOX
- any new update on Han's bathymetry analysis since we last met

Thank you,

Eugenia
